SIZING INFORMATION

COAT, VEST & SHIRT SIZING CHART

HOW TO MEASURE:

Wrap the measuring tape around your chest, just under your arms.

For example, if your chest measures 42", we recommend ordering a size large.

SLEEVE LENGTH:

Start at the center of the back of your neck, measure across your shoulder, and down to your wrist.

Keep your elbow slightly bent, as if you're escorting someone, for the most accurate fit.

Your chest measures:	34-36"	37-40"	41-44"	45-48"	49-52"	53-56"	57-60"	61-64"
We recommend:	SM	MD	LG	XL	2XL	3XL	4XL	5XL
Sleeve length is:	33-34"	34-35"	35-36"	36-37"	37-38"	38-39"	39-40"	40-41"

BIB SIZING CHART

HOW TO MEASURE: WAIST

When ordering bibs, remember you wear them over your stomach.

Most folks need a size that's 2-3 inches larger than the widest part of their belly.

For example, if your stomach measures 39" or 40", we recommend ordering a size large.

SMALL	MEDIUM	LARGE	X-LARGE	2XL	3XL	4XL
32-34"	36-38"	40-42"	44-46"	48-50"	52-54"	56-58"

HOW TO MEASURE: INSEAM

When worn over pants, the crotch on bibs hangs lower than pants. Because of this, most folks need bibs shorter than their pants inseam length, so they don't drag on the ground. We suggest ordering a length that's 2-3 inches shorter than your usual pant inseam.

INSEAM AVAILABLE: 26", 28", 30", 32", 34"

Although the bibs and chaps have a waterproof liner, the seams are not sealed. Therefore, they are not guaranteed to be 100% waterproof.

PANT SIZING CHART

WAIST: Our hunting pants have a relaxed fit. If you are wearing them over your jeans, we recommend that you order the waist 2" larger than your normal jeans waist size.

WAIST SIZES AVAILABLE: 30", 32", 34", 36", 38", 40", 42", 44", 46", 48", 50"

INSEAM: If you are wearing them over your jeans, we recommend that you order them 2" shorter than your normal jeans inseam length.

INSEAMS AVAILABLE: 26", 28", 30", 32", 34"

CHAP SIZING CHART

THIGH WIDTHS: Chaps should fit loosely for maximum comfort. To determine your correct size, measure around the biggest part of your thigh and add 2-3".

SM	MD	LG	XL	2XL
24"	26"	28"	30"	32"

INSEAM: For correct length, subtract 2-3" from your normal jeans inseam.

INSEAMS AVAILABLE: 26", 28", 30", 32", 34"

BIB SIZING CHART

HOW TO MEASURE: WAIST When ordering bibs, remember they're worn over your stomach. Most folks need a size 2-3 inches larger than the widest part of their belly. For example, if your stomach measures 39"-40", order a size large.

SM	MED	LG	XL	2XL	3XL	4XL
32-34"	36-38"	40-42"	44-46"	48-50"	52-54"	56-58"

HOW TO MEASURE: INSEAM Bibs hang lower in the crotch when worn over pants, so most folks need a shorter inseam to avoid pant legs dragging. We suggest ordering a length 2-3 inches shorter than your usual pant inseam.

INSEAMS AVAILABLE: 26", 28", 30", 32", 34"

Although the bibs and chaps have a waterproof liner, the seams aren't sealed, so they're not guaranteed to be 100% waterproof.

SIZING INSTRUCTIONS

1. Shoe Size:

Order your normal boot size,
(whole sizes only)

2. Waist Size:

When ordering chest waders, remember
you wear them over your stomach.

Most folks need a size that's 2-3 inches
larger than the widest part of their belly.

3. Inseam:

When worn over pants, the crotch on the
chest waders hangs lower than pants.

Because of this most folks need the
waders 2-3 inches shorter than their pants.

HOW TO ORDER

- 1. Use charts A&B to find your perfect fit. Check the 'How to Measure' for tips.
- 2. Choose your Chap Style on page 23.
- 3. Select your boots from pages 24-27.

HOW TO MEASURE

THIGH SIZE: To determine the size you need, measure over your jeans around the largest part of your leg at the upper thigh then add 2-3".

INSEAM LENGTH: Go 2-3" shorter than your normal inseam. We personally prefer 3" shorter. If you're between sizes, most go with short.

HOW THEY'RE MADE

Dan's Froglegs are built tough, with a durable outer layer and a water-repellent nylon lining to block moisture that gets through. They're also great at turning briars. The nylon extends all the way down to the lower ankle, protecting both your boots and your legs from sharp sticks and briars.

The chaps are carefully made, then sewn and sealed to the boots of your choice. Dan's Froglegs have adjustable straps that fasten to your belt with a chap clip. Snaps are provided at the top of the chap and boot so they can be worn folded down. Made in U.S.A.

CUSTOM TAILORED FROGLEGS

Don't see your size? For an extra \$15, we can custom make Dan's Froglegs to fit your measurements. Just know that custom orders are one-of-a-kind and can't be exchanged.

We'll need your actual inseam, thigh, and calf measurements. Please allow 2-4 weeks for delivery.

#2. FROGLEG CHAP OPTIONS

ITEM #685

FIVE STAR CHAP

Lightweight & Flexible

Our best-selling chap is made of the same nylon fabric as our Rugged Wear Clothing and the former Wick Outdoor Works. Lightweight, flexible and just as tough as our Brush Buster chap. Has a wide range of applications from hunting, fishing, and trapping, to farm and fieldwork, drainage projects and much more.

100% Waterproof

ITEM #665

BRUSH BUSTER CHAP

Midweight & Flexible

This tough and long lasting chap is made of 1000 Denier Cordura fabric. Twice as thick as the Five Star chap and not as flexible. If your outdoor activities take you through thick briars, over barbed wires, or into other rugged situations, this heavy-duty chap will give you the protection you need.

100% Waterproof

ITEM #663

SNAKE PROTECTOR CHAP

Heavyweight & Three Ply

Our snake chap is a heavy-weight, three-ply chap that provides reliable protection from snakes. However, Dan's cannot assume liability for injuries resulting from the use of this product as a protection from snakes. Tackle your duties and outdoor pursuits with peace of mind in these waders.
